etwinning Project: One unread video message from abroad

COUNTRIES: Spain, Turkey, Latvia

This project is established to use English in real life communication. students share videos and introduce themselves and exchange culture and practice English. so we can use technology in language learning.

Students will also send each other emails and become penpals.

- To improve the competence of using English in real situations.
- To build international relations, to make friends.
- To gain knowledge about other countries and their culture.
- To improve the use of technologies through google applications and Twinspace platform.

- To be aware of the importance of learning a foreign language.
- To use ICT in a meaningful and practical way.
